June 8-10, 2018 SouthPoint

It's time to leave Vegas - better than we found it, and return not only to our homes and families, but to the lost that God has placed before us! As we learn about election results and end our amazing Convention in "The Rock" (not just "A Rock") let's show the world "what happened in Vegas!"

ALL GLORY TO GOD!
Could you believe your ears??? We were able to take a standing vote to approve each and every Mission Grant and Multi-Cultural Mini Grant nominated this year! Let's Rock these Grants and get those Mites in!! The time starts now!

Linda Stotereau truly rocked us with her Holy Spirit driven Bible Study. And shared with us a side of hymns we may never have seen! Let's go to Ninevah!! We shall miss you Rev. Larry

...and in case you don't think our Pastoral Counselors work hard, look at Pastor Tim from a short while ago - was this Thursday???

Definition of Capstone

Capstone is the wedge-shaped stone piece at the apex of a masonry arch, or the generally round one at the apex of a vault. In both cases it is the final piece placed during construction and locks all the stones into position, allowing the arch or vault to bear weight. *We can handle all things through Christ!*
Jesus is our Capstone! He is our Rock!

A Look to the Future...From the Present

Yesterday, we learned about what LWML looks like moving forward through the eyes of those who have seen it grow. But what about those who are seeing it with fresh eyes? We wanted to take a look at what this convention has been like for someone who has never experienced one before.

Jeanne Moody, aged 33, is a member of Christ Lutheran in Boulder City, Nevada. She has been attending LWML since she was a child, working on making felt banners with her mother and the members of her society. Jeanne decided to come to the convention because she worked on the grant committee with her mother and wanted to see how it all turned out! And that she did - she became a Young Woman Representative!

Coming to this convention, Jeanne did not know what to expect. She had experience helping out at her own LWML society but had never been part of a bigger LWML event. What surprised her most is how caring everyone is. "Caring about each other and wanting to get to know other people in LWML. Lots of people just come up and want to start talking to you, and it was just surprising to see how friendly everyone is."

Jeanne stated that the best part of the convention was getting to meet other young women representatives from their societies. Through this opportunity, they were able to view the struggles and joys happening around the district, sharing what is happening and what needs to improve in their own LWML chapters.

"Our LWML just got restarted, we have a new president and I hope in my own LWML to help work with them and help build it up. I hope to stay in contact with the other YWRs, like pastor said - we're stronger together."

What Jeanne, and many of us, will take away from this experience is new and renewed friendships - having those people to rely on and work with in the future. We look forward to reuniting in February at our retreat "GPS: God's Promise of Salvation" February 8-10, 2019.

Thank you so much for joining us in fellowship, food (both physical and spiritual), and fun!

[Editor's Note: You may remember Jeanne from the Friday night worship service as she was one of the readers as well as reading the lines of "the women from the well". Jeanne truly hit this convention on the ground running!]
